

Production Employee Vision Inspection systems

Industrial Physics is looking for creative production employee. You are responsible for delivering products to logistics on time. Thinking along and implementing improvements in the production process in consultation is also appreciated. Consider, for example, the design of the workspace, improving manuals or adjusting parts/products

This role is specifically for our label Eagle Vision. Eagle Vision Systems' industry-leading vision inspection systems are equipped with advanced technology that can revolutionize production lines and laboratories in the food and beverage industry.

Our technology checks the seam, code, label and end cap of the package with premium vision systems powered by advanced technology. Eagle Vision also offers truly unique solutions, such as our Dirty Tray Vision system - a world first that addresses waste reduction for confectionery customers.

Location

Capelle aan den IJssel, The Netherlands

What will you do?

- Follow and create work instructions;
- Checking the delivered product parts;
- Assembling semifinished products and/or end products;
- Checking quality incoming control cabinets by verifying correct electric schemes and overall quality;
- Assembling optical unit modules for several types quality and testing equipment;
- Setting up and preparing the final system in the workshop for Factory Acceptance Test, in order for the service team to start uploading samples provided by the client
- After successful FAT the system will be dismounted, prepared and labeled and internally handed over to logistics to be properly crated for Sea or Air transport;
- Cleaning and keeping the working environment and production resources tidy;
- Participate constructively in continuous improvement projects.

Qualifications

- Completed MBO 3/4 technical education Electronic;
- Required to be able to read and implement electric schemes for internal production or quality check outsourced components;
- Preferably 3 years work experience in a similar position;
- Stress resistant, creative, goal-oriented, social and motivated;
- Able to work independently and also enjoy helping out in other departments from time to time.

Description
