*to be completed by Non-Contract customers, an Order Number must be provided.

**to be completed by Customers under an active Customer Service Contract.

***to be completed for return courier, if blank the master will be returned by Torus selected courier or shipping partner and the shipping costs will be Invoiced back to the customer.

****Incomplete forms will place master in quarantine until the information has been received.

IMPORTANT INFORMATION

Due to an on-going delivery surcharge being imposed by UPS which is payable by the recipients of parcels in the UK, we request that Masters being returned to the UK are shipped via an alternative courier to UPS where possible. Where UPS is used, we request that the Customer arranges collection directly with UPS.

Pricing indicated below is valid for the calendar year indicated at the top of the document. For UKAS Calibration a simple acceptance shared risk (Ref JCGM 106:2012, section 8.2) where the expanded uncertainty for a coverage factor of **K=2** associated with the result / estimate is $\leq$ the tolerance. For general Enquiries regarding Master Calibration, contact Torus Measurement Systems:
