

## **Circular Sample Cutter**

**Model 22-42**

## Circular Sample Cutter

We offer a wide line of cutters to accommodate all of your sample preparation requirements for textiles and corrugated board. Circular Cutters are used to create a circular sample normally for weight determination.

Manual available in 10 in2, 9 in2, 5 in2 and 100 cm2

### Features & Benefits:

- High Speed
- High Precision
- Easy to use
- Rugged design
- Replaceable cutting knives
- Safe operation
- Cuts a circular sample for weight determination
- Cuts a 100 cm2 sample, other sizes also available
- Conforms to TAPPI T-808

### Technical Specification:

|            |                                      |
|------------|--------------------------------------|
| Model      | 22-42-01                             |
| Weight     | 1 kg (2 lbs.)                        |
| Dimensions | (W) 250 mm x (H) 250 mm x (D) 250 mm |

### Ordering Information:

| Article Number | Article Description    |
|----------------|------------------------|
| 22-42-01       | Circular Sample Cutter |
