

Twin Blade Cutters

Model 22-34

Twin Blade Cutters

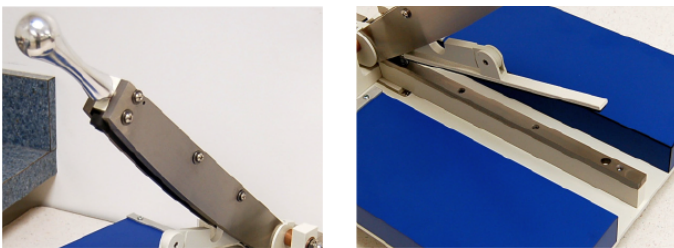

The 22-34 series Twin Blade Cutter assures that samples are cut to the proper width and parallel to .001 in. for accurate testing.

A variety of sheet-like materials can be cut with precision and ease using the unit's hardened steel blades and solid construction. Safety guards prevent injury to the operator while the durable frame provides years of troublefree service.

Available for samples of 15 mm, 25 mm, 50 mm, 63 mm, 0.5 in., 1 in. and 2 in.

Features & Benefits:

- Hardened Steel Blades
- Safety Guards
- Durable Design For Years of Trouble-Free Service
- Adjustable
